Dr. Bell's Pine-Tar-Honey will quickly clear the throat and leave the voice clear and smooth. It is an infallible remedy for all disorders of the throat and lungs. Get a bottle to-day.

L. C. Payne, a farmer residing near Harned was visited Saturday night Feb. 6, by a burglar. He entered the house during the night and went into Mr. Payne's room, not disturbing him in the least, secured his son's pants, which contained \$2.55. He then escaped, leaving the pantaloons hanging on the corn crib and helped himself to quite a good deal of Mr. Payne's corn. He is still at large.

M. E. Avitt has entered school at Valparaiso, Ind., and wants the News sent to him. He says it is like a letter from home. And so it is. There is nothing so dear to a boy or girl's heart as news from home at school or in any other calling. Our heart goes out in sympathy to every one of them. There is no place like home.

Thos. H. Hamilton Candidate for County Attorney Meade County.

Herewith is presented a splendid cut of the gracious physiognomy of the genial, Thos. H. Hamilton, candidate for re-election to the office of Prosecuting Attorney of Meade county.

Mr. Hamilton was born in Big Bend, Meade county, Ky., March 7, 1850. He is a son of David R. Hamilton, who moved from Nelson county to Brandenburg in the early part of Meade county's history, and after living there a number of years moved to Big Bend. His mother was formerly Miss Tennessee Wathen, daughter of Thomas Wathen, of Nelson county.

The subject of our sketch has spent most of his life in Meade county, and was educated in the common schools there, with the exception of two years at what was then known as Salem College, at Garnettsville, Ky., and conducted at that time by Professors W. B. Hayward, Treldick and Bruner.

After leaving school he taught in the common schools of Meade county for eight years, and six consecutive years were taught in one district—that known as Black Jack district, five miles north of Big Spring. He graduated from the Louisville Law School in the class of April, 1885, and commenced the practice of law in Brandenburg the same year.

Politically he has always been a Democrat, and was never known to scratch a ticket; and best of all he has always believed that the free and unlimited coinage of both gold and silver at the ratio of 16 to 1 was part of Democracy.

In August 1890, he was elected to the office of County Attorney, of Meade county having been nominated a few months previous by the Democratic party. In November 1894 he was re-elected to the same office, and is now asking for a second endorsement of his party for the same place.

Tom Hamilton is a polished gentleman in every respect. He has filled the office of Attorney of Meade county with credit to himself and to his county. His qualifications are unquestioned and he performed his duties towards the commonwealth with a fearless, but just hand. No criminal escapes the punishment due him, while at the same time no innocent person is persecuted. He is Meade county's best material, and the Democrats there will make no mistake when they again nominate him for the place to which he aspires.

## Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hays Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well.

Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottle at A. R. Fisher's Drug Store.

## Story of a Wooden Tooth.

An interesting and laughable story is told on one of Cloverport's prominent young men. It seems that a notable wedding was to take place and this young man would without question receive an invitation. Two or three days before the wedding came off, he had the misfortune to lose one of his front teeth and the affair being so near at hand, it didn't give him time to go to a dentist. This placed him in quite a quandary. He would occasionally go before the mirror and smile to see if his misfortune could easily be detected. It disfigured him so that he almost gave out the idea of going. Then the thought occurred to him to get a piece of pine and cut it down as near like a tooth as possible, he did so, and inserted it and covered it with white wax, which proved to answer the purpose. He attended the wedding and everything passed off pleasantly, until the hour for partaking of the sumptuous repast had arrived. He enjoyed all the different courses until the last one was reached, which was coffee. He hesitated, but thinking that his wooden tooth had gone through so far, without giving any trouble he would tackle it. After drinking the coffee his tooth began to swell and annoyed him considerably until finally, he was compelled to take one of his lady friends into his confidence and asked her to perform the feat of extracting it. She failed and it grew so bad that he had to go and get a colored helper to secure a pair of pullers and pull the tooth out. He has never attempted the like again.

## PARLOR CARS.

The "White Hall" the "Cambridge" And The "Manchester" Will Soon be on the "Texas."

They Are Models of Modern Beauty and Comfort, and Travelers Will be Pleased.

ALMOST READY NOW

On or about Feb. 15 the new parlor cars will be placed on the passenger trains of the Louisville, Henderson & St. Louis railroad.

These cars were purchased last fall, and have been in the "Texas" shops in this city for nearly three months, undergoing repairs and a thorough preparation for service, and the work now is almost completed.

For elegance, beauty, convenience and comfort these parlor cars will not be surpassed by any that run out of the city of Louisville. Under the direction of Master Mechanic F. J. Ferry and the artistic taste and skilled hand of S. H. McCracken, foreman of the paint shop, assisted by Oscar Holmes, a first-class journeyman, these rusty-looking old jades, within a few weeks time have been converted into palace cars of almost living beauty.

They were built several years ago by the Woodruff Silver Palace Car Company, of Rochester, N. Y., before that company consolidated with the Pullman Company, of Chicago. As they now stand ready for the "Texas" they are re-fitted with the noted Allen wheels, the finest in the world, and almost noiseless as they run. The outside of the coaches are everything that artistic taste could suggest and skilled hands execute, while inside they are simply poems of elegance and beauty.

The "Whitehall" and the "Cambridge" are twins in make-up, finish and furniture. They are each fifty-one feet in length between the sills, and of standard width. The finish inside is of old-time black walnut, with the most beautiful curly walnut panels, while between the windows and at the ends are fine mirrors of heavy ground plate glass.

The main apartments are the drawing room and the smoking parlor. The drawing room is furnished with elegant parlor chairs and settees, upholstered with the best of hair cloth, and covered with snow-white linen tidies. The windows are broad and handsome and richly curtained, and the floor is carpeted with heavy Brussels of attractive figures.

The smoking car is a duplicate of the drawing room, with the single exception of being furnished with upholstered wicker chairs and settees instead of parlor chairs. Besides these apartments, there is an observatory at one end, and between the drawing-room and smoking-room is a single stateroom of moderate size, furnished to harmonize with other surroundings.

The "Manchester" is just now receiving the finishing touches in the paint shop. It is eight feet longer than the other and has two observatory ends. It also has two staterooms, in the center, opening into each other, and arranged with sliding doors so that the two rooms may be thrown into one, at the will of the occupants, making it convenient and cozy here for wedding or funeral parties. The chairs and settees of the Manchester, being upholstered in brown silk plush, are a little more elegant in appearance than those in the Whitehall and Cambridge, but in other respects they are the same.

All these coaches are supplied with lavatories and closets and other conveniences, while a special porter for each car will be in constant attendance. They are truly palatial homes for the traveler and they will soon become favorites along the entire line of the "Texas."

Hotel to be Built Soon—Mrs. Geo. Nicholson Dead.

Mad knee deed. Jas. Kurtz is on the sick list. Dick Shellman was here last week. Don't get mad over your valentine. This town will soon have a forty dollar hotel.

Ed. Poole, of Jefferson county, is visiting here. Born, to the wife of Geo. Robbins, Feb. 7th, a boy.

There were several candidates in our midst last week. Benj. Basham moved from here to Ekron last week.

R. L. Popham will move here from Louisville shortly. Quite a number went from here to Hardinsburg Monday.

Miss Shumate, of Big Spring, is visiting her sister, Mrs. H. C. Stewart. This week the boys will go off on a visit and send valentines back to the grand jury.

T. B. Henderson attended quarterly meeting at Ephesus last Saturday and Sunday.

It is pretty well authenticated that Will Hall carries a regular conjuring rabbit foot.

Geo. Robbins will probably be the Populist candidate for constable in this district.

Republicans here seem to be manifesting considerable interest in the approaching primary.

Joe Jeffries went to Meadow Lawn last Saturday to see his mother who is seriously ill.

L. M. Matheny says he has been strongly solicited to make the race for representative.

Mrs. Letitia Prout, of Corbin, Ky., after several weeks visit here returned home last Monday and was accompanied as far as Louisville by her sister, Miss Lizzie Hall.

Mrs. Geo. Nicholson, after a lingering illness of several months died here the 26th ult. Every one who knew her was her friend, and her severe sufferings were borne with the greatest Christian fortitude, all through her months of affliction.

The Most Wonderful Dog in America. As the west-bound passenger train came in yesterday morning at the depot the mail car was the source of much attraction. When the doors were opened for the exchange of mails that most wonderful dog of all dogs made his appearance loaded down with medals of every description. He is known to every one of "Uncle Sam's" employees as "Oney," and probably there is not a person in the world that has traveled over this country and abroad as much as Oney. Oney hails from Buffalo, and is now getting along in years. It is said that when on reaching a city of any note Oney would at once jump into the mail wagon and go to the post-office, but he is getting so old now, he has to be lifted into them. He reached Louisville Monday evening from Indianapolis and is now on his way South.

## BEWLEYVILLE.

Mrs. Susan Triplett, an aged lady is critically ill.

T. J. Jolly is attending court this week. M. F. Payne and T. J. Jolly attended quarterly meeting at Ephesus last Sunday.

Mr. David Hardaway called on Miss Stella Paul last Sunday. W. Arthur Walker is attending a dental college in Louisville and will remain until June.

Bro. Walton filled his regular appointment at the M. E. church last Sabbath. Alf Taylor, of Rosetta, was in town Saturday.

Hon. Chas. Blanford went to Hardinsburg Monday. Walker & Taylor received 7000 lbs of tobacco last Saturday afternoon.

The Methodists will begin a protracted meeting here in about three weeks, which will be conducted by Rev. J. J. Smith. Let all Christians come out and assist Bro. Smith to drive old Satan from our midst.

## Card of Thanks.

JOLLY'S STATION, KY, Feb. 8th, 1897.—Mr. and Mrs. H. M. McGary extend their heartfelt thanks to the kind friends and neighbors in and around Jolly's Station for their kind attention paid to their late illness. We pray that God will bless you all.

## Respectfully,

HILARY and MAGGIE MCGARY.

Two men whose names could not be learned were seen to pass Hawesville yesterday morning about 9 o'clock on a partial raft of logs, out in the middle of the river. From what can be gathered, the agent of the L. H. & St. L. railway, whose office is near the river, attention was first attracted to them by their screams calling for assistance. The steam ferry boat was lying at the wharf, but did not have any steam up and could not render them any aid, and their being such a heavy flow of ice it was impossible for men to get to them.
